JAYTEX

ALUMINIUM PAINT (IS : 2339)

DESCRIPTION : Brilliant luster, excellent durability and corrosion resistance are the chief properties of Jaytex Aluminium Paint. It is supplied in a two pack system where the paste and medium are packed separately. Jaytex Aluminium Paint has very good hardness, flexibility and adhesion. Water resistance is also satisfactory.

Jaytex Aluminium Paint is suitable for surfaces susceptible to atmospheric corrosion and in environments where good durability is required. Good heat-resisting properties and high covering capacity coupled with long life makes this paint the most desired coating from the point of view of economy and performance.

This paint is widely used for steel structures such as railway wagons, bridges, electrical transmission towers, oil tanks, gates and fences.
